To Our Loyal Supporters and Friends,

This year we celebrate our 97th year of being a county fair. Each year we edge closer and closer to that 100-year mark and we know that it would not be possible without the support of our community, our volunteer base, and in this case, the generous sponsors like you who have continued to support us year after year. For 97 years, we've been bringing people together with good food, incredible entertainment, and unique shopping experiences through our vendors. Last but most certainly not least, for 97 years we've been offering opportunities to young people to show case their hard work, develop their public speaking skills, increase self-esteem, build life-long friendships, and make memories that will forever shape their childhood.

With all of that being said, we humbly ask you to consider sponsoring our 2025 Woodbury County Fair. We are open to customization, if you have an idea that you believe would be beneficial for your business. We also have a list of needs available on the next page that you may circle and choose to support for our 2025 Woodbury County Fair.

Thank you in advance for the incredible support that you've given us throughout the years!

WCF Fundraising Committee
